Winter Maintenance Policy §484

§484-1

Snow Plowing

The snowplow vehicles begin plowing when the snow has accumulated 2 to 3 inches. After roads are clear, sanding and salting will begin.

§484-2

Winter Freezing Rain Storm

It is important to note that *salt* or *sand* is wasted if applied before the rain stops. There is nothing the Highway Department can do during a freezing rainstorm. However, as soon as the rain stops, salt and sand will be applied to the roads.

§484-3

Clean Road Policy

The Town of Webster does not have a clean road policy. In other words, all roads and streets will not be kept completely clear of snow and therefore only caution can be advised for winter driving. Salt will be used sparingly. Dirt roads will be sanded, but with ice under the sand, it still makes instant stops impossible.

Pursuant to RSA 41:11 the Town of Webster passed following ordinance on 05/08/2017:

It shall be a violation of this ordinance for cars to be parked in the right-of-way during, and including, November 1st through April 1st. Failure to adhere to this ordinance will result in:

- First incident – Police issue a verbal warning with copy of Winter Maintenance Policy
- Second incident – Police issue a written violation and a fine of \$100
- Third Incident – Vehicle is towed and stored at owner's expense

The Select Board reserves the right to waive any provision of this policy as circumstances warrant.
